(b) The court shall refer a complaint filed under subsection (a) of this section to a probation officer, who shall promptly determine whether it appears that the alleged facts, if true, would be sufficient to meet the definition of a family with service needs, provided a complaint alleging that a child is a truant or habitual truant shall not be determined to be insufficient to meet the definition of a family with service needs solely because it was filed during the months of April, May or June. If such probation officer so determines, [he] the probation officer shall, after an initial assessment, promptly [either (1) refer the matter, with the consent of the child and his parents or guardian, to a suitable community-based or other service provider, or (2)] refer the child and the child's family to a suitable community-based program or other service provider, or to a family support center as provided in

If the child and the child's family are referred to a family support center and the person in charge of the family support center determines that the child and the child's family can no longer benefit from its services, such person shall inform the probation officer, who may file a petition with the court in the manner prescribed in subsection (c) of this section. [In either case, the] The probation officer shall inform the complainant in writing of [his] the probation officer's action under this subsection. If it appears that the allegations are not true, or that the child's family does not meet the definition of a family with service needs, the probation officer shall inform the complainant in writing of such finding. [In any case in which the probation officer does not file a petition, he shall also inform the complainant of the right of such person to file a petition pursuant to subsection (c) of this section. The summons shall be signed by a judge or by the clerk or assistant clerk of the court, and a copy of the petition shall be attached to it. Whenever it appears to the judge that orders addressed to an adult, as set forth in section 46b-121, are necessary for the welfare of such child, a similar summons shall be issued and served upon such adult if he or she is not already in court. Service of summons shall be made in accordance with section 46b-128. The court may punish for contempt, as provided in section 46b-121, any parent, guardian or other person so summoned who fails to appear in court at the time and place so specified. If a petition is filed under subsection (c) of this section alleging that a family is a family with service needs because a child is a truant or habitual truant, the court may not dismiss such petition solely because it was filed during the months of April, May or June.

(e) When a petition is filed under subsection (c) of this section alleging that a family constitutes a family with service needs because it includes a child who has been habitually truant, the court shall order that the local or regional board of education for the town in which the child resides, or the private school in the case of a child enrolled in a private school, shall cause an educational evaluation of such child to be performed if no such evaluation has been performed within the preceding year. Any expenses of temporary custody shall be paid in the same manner as provided in subsection (b) of section 46b-129.

(g) If a petition is filed under subsection (c) of this section and it appears that the interests of the child or the family may be best served, prior to adjudication, by a referral to community-based or other services, the judge may permit the matter to be continued for a reasonable period of time not to exceed six months, which time period may be extended by an additional three months for cause. If it appears at the conclusion of the continuance that the matter has been satisfactorily resolved, the judge may dismiss the petition.

(h) If the court finds, based on clear and convincing evidence, that the family of a child is a family with service needs, the court may, in addition to issuing any orders under section 46b-121; [(1) refer] (1) Refer the child to the Department of Children and Families for any voluntary services provided by said department or, if the family is a family with service needs solely as a result of a finding that a child is a truant or habitual truant, to the authorities of the local or regional school district or private school for services provided by such school district or such school, which services may include summer school, or

The child shall be entitled to representation by counsel and an evidentiary hearing. If the court issues any order which regulates future conduct of the child, parent or guardian, the child, parent or guardian, shall receive adequate and fair warning of the consequences of violation of the order at the time it is issued, and such warning shall be provided to the child, parent or guardian, to his or her attorney and to his or her legal guardian in writing and shall be reflected in the court record and proceedings.

Senate Bill No. 1500

The court shall give notice to the child and [his] the child's parent or guardian at least fourteen days prior to the hearing upon [that] such petition. The court may, after hearing and upon finding that such extension is in the best interest of the child and that there is no suitable less restrictive alternative, continue the commitment for an additional indefinite period of not more than eighteen months. (2) The Commissioner of Children and Families may at any time petition the court to discharge a child [.] committed under this section, and any child committed to the commissioner under this section, or the parent or guardian of such child, may at any time but not more often than once every six months petition the court which committed the child to revoke such commitment. The court shall notify the child, [his] the child's parent or guardian and the commissioner of any petition filed under this subsection, and of the time when a hearing on such petition will be held. Any order of the court made under this subsection shall be deemed a final order for purposes of appeal, except that no bond shall be required [nor] and no costs shall be taxed on such appeal.

The Court Support Services Division shall conduct an independent evaluation of each family support center to measure the quality of the services delivered and the outcomes for the children and families served by such center.

Sec. 32. (NEW) (*Effective October 1, 2007*) (a) When a child whose family has been adjudicated as a family with service needs in accordance with section 46b-149 of the general statutes, as amended by this act, violates any valid order which regulates future conduct of the child made by the court following such an adjudication, a probation officer, on receipt of a complaint setting forth facts alleging such a violation, or on the probation officer's own motion on the basis of his or her knowledge of such a violation, may file a petition with the court alleging that the child has violated a valid court order and setting forth the facts claimed to constitute such a violation. The child shall be entitled to representation by counsel and an evidentiary hearing on the allegations contained in the petition. Upon a finding by the court that the child has violated a valid court order, the court may (1) order the child to remain in such child's home or in the custody of a relative or any other suitable person, subject to the supervision of a probation officer, (2) upon a finding that there is no less restrictive alternative appropriate to the needs of the child and the community, enter an order that directs or authorizes a peace officer or other appropriate person to place the child in a staff-secure facility under the auspices of the Court Support Services Division for a period not to exceed forty-five days, with court review every fifteen days to consider whether continued placement is appropriate, at the end of which period the child shall be returned to the community and may be subject to the supervision of a probation officer, or (3) order that the child be

Senate Bill No. 1500

committed to the care and custody of the Commissioner of Children and Families for a period not to exceed eighteen months and that the child cooperate in such care and custody.

If it appears from the specific allegations of the petition and other verified affirmations of fact accompanying the petition, or subsequent thereto, that there is probable cause to believe that (1) the child is in imminent risk of physical harm from the child's surroundings, (2) as a result of such condition, the child's safety is endangered and immediate removal from such surroundings is necessary to ensure the child's safety, and (3) there is no less restrictive alternative available, the court shall enter an order directing the placement of the child in a staff-secure facility under the auspices of the Court Support Services Division for a period not to exceed forty-five days, with court review every fifteen days to consider whether continued placement is appropriate, at the end of which period the child shall either be (A) returned to the community for appropriate services, or (B) committed to the Department of Children and Families for a period not to exceed eighteen months. Any such child shall be entitled to the same procedural protections as are afforded to a delinquent child.

(b) An incentive housing zone shall satisfy the following

Senate Bill No. 1500

requirements:

(1) The zone shall be consistent with the state plan of conservation and development and be located in an eligible location.

(2) The regulations of the zone shall permit, as of right, incentive housing development.

(3) The minimum allowable density for incentive housing development, per acre of developable land, shall be: (A) Six units per acre for single-family detached housing; (B) ten units per acre for duplex or townhouse housing; and (C) twenty units per acre for multifamily housing, provided that a municipality whose population as determined by the most recent federal decennial census is less than five thousand, when applying to the secretary for a letter of eligibility under section 42 of this act, may request approval of minimum as of right densities of not less than four units per acre for single-family detached housing, not less than six units per acre for duplex or townhouse housing, and not less than ten units per acre for multifamily housing. In making such request, the municipality shall provide the Secretary of the Office of Policy and Management with evidence of sewage disposal, water supply, traffic safety or other existing, substantial infrastructure limitations that prevent adoption of the minimum densities set forth in this subdivision. If the proposed incentive housing zone otherwise satisfies the requirements of this section, the secretary may issue the requested letter of eligibility. A municipality may request a waiver of the density requirements of this subdivision and the secretary may grant a waiver if the municipality demonstrates in the application that the land to be zoned for incentive housing development is owned or controlled by the municipality itself, an agency thereof, or a land trust, housing trust fund or a nonprofit housing agency or corporation. The proposed incentive housing zone regulation shall require, in an enforceable manner, that one hundred per cent of the proposed residential units will be subject to an incentive

Senate Bill No. 1500

housing restriction, and the proposed incentive housing zone will otherwise satisfy the requirements of this section.

(4) In order to qualify for financial incentive payments set forth in section 44 of this act, the regulations of an incentive housing zone concerning the minimum as of right densities set forth in subdivision (3) of this subsection shall constitute an increase of at least twenty-five per cent above the density allowed by the underlying zone, notwithstanding the provisions of said section 44 with regard to zone adoption and building permit payments.

(5) The minimum densities prescribed in subdivision (3) of this subsection shall be subject only to site plan or subdivision procedures, submission requirements and approval standards of the municipality, and shall not be subject to special permit or special exception procedures, requirements or standards.

(6) An incentive housing zone may consist of one or more subzones, provided each subzone and the zone as a whole comply with the requirements of sections 38 to 49, inclusive, of this act.

(7) The land area of an incentive housing zone shall not exceed ten per cent of the total land area in the municipality. The aggregate land area of all incentive housing zones and subzones in a municipality shall not exceed twenty-five per cent of the total land area in the municipality.

(c) A zoning commission may modify, waive or delete dimensional standards contained in the zone or zones that underlie an incentive housing zone in order to support the minimum or desired densities, mix of uses or physical compatibility in the incentive housing zone. Standards subject to modification, waiver or deletion include, but shall not be limited to, building height, setbacks, lot coverage, parking ratios and road design standards.

Senate Bill No. 1500

(d) If a zoning commission adopts a regulation for an incentive housing zone that permits single-family detached homes on subdivided lots, requiring subdivision approval under the subdivision regulations of the municipality, the zoning commission shall make a written finding that the applicability of such subdivision regulations will not unreasonably impair the economic or physical feasibility of constructing housing at the minimum densities and subject to an incentive housing restriction as required in sections 38 to 49, inclusive, of this act. If housing on subdivided lots is proposed in an incentive housing zone, the zoning commission shall use its best efforts to adopt or encourage the planning commission to adopt subdivision standards that will ensure consistency of the single-family detached housing with the purposes of sections 38 to 49, inclusive, of this act.

(e) The regulations of an incentive housing zone may allow for a mix of business, commercial or other nonresidential uses within a single zone or for the separation of such uses into one or more subzones, provided that the zone as a whole shall comply with the requirements of sections 38 to 49, inclusive, of this act, and that such uses shall be consistent with as-of-right residential uses and densities required under this section.

(f) An incentive housing zone may overlay all or any part of an existing historic district or districts, and a municipality may establish an historic district within an approved incentive housing zone, provided, if the requirements or regulations of such historic district render the approved housing incentive zone not in compliance with the provisions of sections 38 to 49, inclusive, of this act, the secretary shall deny a preliminary or final letter of eligibility, deny or revoke a certificate of compliance, or deny any financial incentive payments set forth in section 44 of this act.

(g) An applicant for site plan or subdivision approval to construct an incentive housing development within an approved zone may,

Senate Bill No. 1500

through an incentive housing restriction, exceed the minimum requirements for such a development as follows: (1) More than twenty per cent of the total proposed dwelling units may be subject to the restriction; (2) the maximum annual income of qualifying households may be less than eighty per cent of the area median income; or (3) the duration of the restriction may be longer than thirty years. An application for approval of an incentive housing development may not be denied on the basis that the proposed incentive housing restriction contains one or more of the provisions set forth in this subsection.

(h) The provisions of this section shall not be construed to affect the power of a zoning commission to adopt or amend regulations under chapter 124 of the general statutes or any special act.

Sec. 40. (NEW) (*Effective July 1, 2007*) (a) A zoning commission, at the time of and as part of its adoption of regulations for an incentive housing zone, may adopt design standards for incentive housing developments within such zone. Such design standards (1) may ensure that construction within the incentive housing zone is complementary to adjacent and neighboring buildings and structures, and consistent with the housing plan provided for in section 41 of this act, and (2) may address the scale and proportions of buildings; site coverage; alignment, width and grade of streets and sidewalks; type and location of infrastructure; location of building and garage entrances; off-street parking; protection of significant natural site features; location and design of open spaces; signage; and setbacks and buffering from adjacent properties.

(b) A design standard shall not be adopted if such standard will unreasonably impair the economic or physical feasibility of constructing housing at the minimum densities and with the required incentive housing restriction set forth in sections 38 to 49, inclusive, of this act. The Secretary of the Office of Policy and Management shall not approve a request for a letter of preliminary or final eligibility

Senate Bill No. 1500

under section 42 of this act if a proposed design standard will violate the provisions of this subsection.

Sec. 41. (NEW) (*Effective July 1, 2007*) On or before June 30, 2017, a municipality may file with the Secretary of the Office of Policy and Management an application for preliminary determination of eligibility for a zone adoption payment pursuant to subsection (a) of section 44 of this act. Such application shall:

(1) Identify and describe the boundaries of the proposed incentive housing zone or zones;

(2) Identify, describe and calculate the developable land within the proposed incentive housing zone or zones;

(3) Identify and describe existing and potential residential development and the potential for reuse of existing or underutilized buildings within the zone or zones;

(4) Calculate the number of residential units that may be constructed in the zone or zones if the proposed regulations are approved based on developable land and the minimum as-of-right densities set forth in subdivision (3) of subsection (b) of section 39 of this act;

(5) Include a housing plan that describes the anticipated build-out of the zone or zones, including information on available and proposed infrastructure, compatibility of proposed incentive housing development with existing and proposed buildings and uses, and efforts that the municipality is making or intends to make to support and promote the residential construction permitted by the proposed regulations;

(6) Include the text of the proposed incentive housing zone regulations and design standards and, if applicable, the text of the

Senate Bill No. 1500

subdivision regulations; and

(7) Include the text of the proposed incentive housing restriction and a plan for administering and enforcing its requirements and limitations.

Sec. 42. (NEW) (*Effective July 1, 2007*) (a) Upon application by a municipality under section 41 of this act, the Secretary of the Office of Policy and Management shall, not later than sixty days after receipt, issue, in writing, a preliminary determination of the eligibility of the municipality for the financial incentive payments set forth in section 44 of this act. At least thirty days before making such preliminary determination, the secretary shall electronically give notice of the application to all persons who have provided the secretary with a current electronic mail address and a written request to receive such notices. If the secretary determines that the application is incomplete or the proposed incentive housing zone is not eligible or does not comply with the provisions of sections 38 to 49, inclusive, of this act, the secretary shall, within the sixty-day response period, notify the municipality, in writing, of the reasons for such determination. A municipality may thereafter reapply for approval after addressing the reasons for ineligibility. The secretary's failure to issue a written response within sixty days of receipt shall be deemed to be disapproval, after which the municipality may reapply.

(b) After a municipality has received from the secretary a preliminary letter of eligibility, the zoning commission of the municipality may adopt the incentive housing zone regulations and design standards as proposed to the secretary for preliminary approval. Not later than thirty days after receipt from the municipality of a written statement that its zoning commission has adopted the proposed regulations and standards, the secretary shall issue a letter of final approval of the incentive housing zone. The secretary's failure to issue a letter of final approval not more than thirty days after receipt of

Senate Bill No. 1500

the written statement shall be deemed disapproval of the zone after which the municipality may reapply for determination of eligibility under this section.

(c) The secretary shall not approve any proposed incentive housing zone for which the proposed regulations or design standards have the intent or effect of discriminating against, making unavailable, denying or impairing the physical or financial feasibility of housing which is receiving or will receive financial assistance under any governmental program for the construction or substantial rehabilitation of low or moderate income housing, or any housing occupied by persons receiving rental assistance under chapter 319uu of the general statutes or Section 1437f of Title 42 of the United States Code.

(d) Any amendment to the regulations or design standards approved by the secretary for preliminary or final eligibility shall be submitted to the secretary for approval as set forth in this section. The secretary shall approve or disapprove such amendment not more than sixty days after receipt of the amendment. If the secretary fails to approve or disapprove such amendment within such period, the amendment shall be deemed to be disapproved. Thereafter, the commission may reapply for approval of the amendment.

Sec. 43. (NEW) (*Effective July 1, 2007*) (a) Each municipality whose zoning commission has received a final determination of eligibility and has adopted an approved incentive housing zone shall annually, in accordance with procedures established by the Secretary of the Office of Policy and Management, apply to the secretary for an incentive housing zone certificate of compliance. To receive a certificate, the municipality shall verify within the time specified by the secretary that:

(1) The zoning commission of the municipality has not amended or repealed any portion of the regulations or design standards in the

Senate Bill No. 1500

incentive housing zone without approval of the secretary as required by sections 40 and 42 of this act;

(2) The approval of the incentive housing zone has not been revoked by the secretary;

(3) The municipality is making reasonable efforts to assist and promote approval of incentive housing development and construction of housing within the approved zone or zones; and

(4) The zoning commission has not unreasonably denied any application for site plan or subdivision approval, or other necessary coordinating permits or approvals, and has only denied applications in a manner consistent with the provisions of section 45 of this act.

(b) If the information required pursuant to subsection (a) of this section has been submitted by a municipality in a timely manner, and the secretary makes a determination that the municipality has met the requirements of sections 38 to 49, inclusive, of this act, the secretary shall issue compliance certificates by October first annually. If the secretary determines that the municipality is in material noncompliance with the requirements of sections 38 to 49, inclusive, of this act, the secretary, after notice and hearing pursuant to chapter 54 of the general statutes, may revoke certification. Sec. 44. (NEW) (*Effective July 1, 2007*) (a) Upon the determination that (1) the housing incentive zone has been adopted; (2) the time for appeal of the final adoption of the regulations has expired or a final

Senate Bill No. 1500

and unappealable judgment upholding such regulations has been issued in any civil action challenging or delaying such regulations; and (3) the municipality has otherwise complied with the requirements of sections 38 to 49, inclusive, of this act, the Secretary of the Office of Policy and Management shall, subject to the availability of funds, make a zone adoption payment to the municipality in the amount of two thousand dollars for each unit of housing that can, as-of-right, be built as part of an incentive housing development within such zone or zones based on the definition of developable land and the minimum as-of-right densities set forth in subdivision (3) of subsection (b) of section 39 of this act.

(b) Subject to the availability of funds secretary shall issue to the municipality a one-time building permit payment for each building permit for a residential housing unit in an approved incentive housing development upon submission by a municipality to the secretary of proof of issuance of such building permit and after determining that (1) no appeal from or challenge to such building permit has been filed or is pending, and (2) such building permit was issued for housing in an incentive housing development not later than five years after the date of the final adoption of incentive housing zone regulations by the zoning commission in accordance with the provisions of subsection (b) of section 42 of this act. The amount of payment shall be two thousand dollars for each multifamily housing unit, duplex unit or townhouse unit and five thousand dollars for each single-family detached unit. Such payment shall be made by the secretary not more than sixty days after receipt of proof of the issuance of building permits and verification of the absence of any appeal or challenge.

(c) Residential units that are located within an approved incentive housing zone that are part of a development that constitutes housing for older persons permitted by the federal Fair Housing Act, 42 USC 3607 or sections 46a-64c and 46a-64d of the general statutes, shall not

A zoning commission or its agent may, to the extent allowed by the Freedom of Information Act, conduct one or more preliminary or preapplication planning or workshop meetings with regard to an incentive housing zone or development. A zoning commission shall conduct a public hearing in connection with an application for site plan or subdivision approval of an incentive housing development.

(b) The regulations of an incentive housing zone may require the applicant for approval of an incentive housing development to pay the cost of reasonable consulting fees for peer review of the technical aspects of the application for the benefit of the zoning commission. Such fees shall be accounted for separately by the municipality from other moneys and used only for expenses associated with the technical review of the application by consultants who are not otherwise salaried employees of the municipality or the zoning commission. Any amount in the account remaining after payment of all expenses for technical review, including any interest accrued, shall be returned to the applicant not later than forty-five days after the completion of the technical review.

(c) The regulations of the incentive housing zone may provide for the referral of a site plan or subdivision application to other agencies, boards or commissions of the municipality for comment. If a site plan or subdivision application is referred to another agency, board or commission, such agency, board or commission shall provide any comments within the time period contained in section 8-7d of the

Senate Bill No. 1500

general statutes, that is applicable to such application. The provisions of this section shall not be construed to affect any other referral required by the general statutes.

(d) An incentive housing development shall be approved by the zoning commission subject only to conditions that are necessary to (1) ensure substantial compliance of the proposed development with the requirements of the incentive housing zone regulations, design standards and, if applicable, subdivision regulations; or (2) mitigate any extraordinary adverse impacts of the development on nearby properties. An application may be denied only on the grounds: (A) The development does not meet the requirements set forth in the incentive housing zone regulations; (B) the applicant failed to submit information and fees required by the regulations and necessary for an adequate and timely review of the design of the development or potential development impacts; or (C) it is not possible to adequately mitigate significant adverse project impacts on nearby properties by means of conditions acceptable to the applicant.

(e) The duration and renewal of an approval of an incentive housing development shall be governed by subsection (i) of section 8-3, subsection (j) of section 8-3, section 8-26c or section 8-26g of the general statutes, as applicable. The time to complete the work approved shall be extended (1) by the time required to adjudicate to final judgment any appeal from a decision of the commission on an incentive housing development site plan or subdivision plan or any required coordinate permit; (2) by the zoning commission if the applicant is actively pursuing other permits needed for the development; (3) if there is other good cause for the failure to complete such work; or (4) as provided in an approval for a multiphase development.

(f) An applicant for approval of an incentive housing development within an approved incentive housing zone may not make such an application utilizing the provisions of section 8-30g of the general

Senate Bill No. 1500

(g) Approval of or amendment to regulations or design standards for an incentive housing zone or subzone, or site plan or subdivision approval of an incentive housing development, may be appealed to the Superior Court pursuant to the provisions of section 8-8 or 8-28 of the general statutes.

The final design of this program shall be subject to review by the State-Assisted Housing Sustainability Advisory Committee established pursuant to section 105 of this act. Such assessment may be a twenty-year life cycle analysis covering all physical elements, adjusted for observed conditions, and shall include, at a minimum, an evaluation of (1) dwelling units; building interiors and building envelopes; community buildings and amenities; site circulation and parking; site amenities such as lots; mechanical systems, including an analysis of technological options to reduce energy consumption and pay-back periods on new systems that produce heat and domestic hot water; and site conditions, (2) compliance with physical accessibility guidelines under Title II of the federal Americans with Disabilities Act, and (3) hazardous materials abatement, including lead paint abatement. The costs of such needs assessments shall be paid from the fund.

Senate Bill No. 1500

(b) A copy of each completed comprehensive physical needs assessment shall be submitted to the Department of Economic and Community Development in a format prescribed by the department. The format shall be designed by the department so that a baseline of existing and standardized conditions of eligible housing can be prepared and annually updated to reflect changes in the consumer price index and annual construction costs.

Sec. 107. (*Effective July 1, 2007*) The State-Assisted Housing Sustainability Advisory Committee, established pursuant to section 105 of this act, shall study and make recommendations concerning modifications to the program of rental assistance for elderly and disabled persons established pursuant to section 8-119kk of the general statutes. In conducting such study, the committee shall consider expanding to other eligible housing or replacing such program with another program designed to assure the long-term viability of all eligible housing, as defined in section 103 of this act, with minimal impact on low and moderate income households. The committee shall submit its report on or before July 1, 2009, to the select committee of the General Assembly having cognizance of matters relating to housing, in accordance with the provisions of section 11-4a of the general statutes.

If the governing body of a town

Senate Bill No. 1500

adopts such a resolution, such body shall appoint five persons who are residents of said town as commissioners of the authority created for such town. The commissioners who are first so appointed shall be designated to serve for a term of either one, two, three, four or five years, except that if the authority has five members, the terms of not more than one member shall expire in the same year. Terms shall commence on the first day of the month next succeeding the date of their appointment, and annually thereafter a commissioner shall be appointed to serve for five years except that any vacancy which may occur because of a change of residence by a commissioner, removal of a commissioner, resignation or death shall be filled for the unexpired portion of the term. If a governing body increases the membership of the authority on or after July 1, 1995, such governing body shall, by resolution, provide for a term of five years for each such additional member. The term of the chairman shall be three years. At least one of such commissioners of an authority having five members, and at least two of such commissioners of an authority having more than five members, shall be a tenant or tenants who live in housing owned or managed by such authority, if any exists, provided that any such tenant shall have resided in such housing for more than one year [] or is a tenant who previously resided in such housing for more than one year and is receiving housing assistance in a housing program directly administered by the Department of Economic and Community Development and provided further that no such tenant shall have the authority to vote on any matter concerning the establishment or revision of the rents to be charged in any housing owned or managed by such authority. If, on October 1, 1979, a municipality has adopted a resolution as described in section 8-40, but has no tenants serving as commissioners, the chief executive officer of a municipality other than a town or the governing body of a town shall appoint a tenant who meets the qualifications set out in this section as a commissioner of such authority when the next vacancy occurs. No commissioner of an authority may hold any public office in the municipality for which the

Senate Bill No. 1500

authority is created. A commissioner shall hold office until his successor is appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and shall be conclusive evidence of the legal appointment of such commissioner, after he has taken an oath in the form prescribed in the first paragraph of section 1-25. The powers of each authority shall be vested in the commissioners thereof. Three commissioners shall constitute a quorum if the authority consists of five commissioners. Four commissioners shall constitute a quorum if the authority consists of more than five commissioners. Action may be taken by the authority upon a vote of not less than a majority of the commissioners present, unless the bylaws of the authority require a larger number. The chief executive officer, or, in the case of an authority for a town, the governing body of the town, shall designate which of the commissioners shall be the first chairman, but when the office of chairman of the authority becomes vacant, the authority shall select a chairman from among its commissioners. An authority shall select from among its commissioners a vice chairman, and it may employ a secretary, who shall be executive director, and technical experts and such other officers, agents and employees, permanent and temporary, as it requires, and shall determine their qualifications, duties and compensation, provided, in municipalities having a civil service law, all appointments and promotions, except the employment of the secretary, shall be based on examinations given and lists prepared under such law, and, except so far as may be inconsistent with the terms of this chapter, such civil service law and regulations adopted thereunder shall apply to such housing authority and its personnel. For such legal services as it requires, an authority may employ its own counsel and legal staff. An authority may delegate any of its powers and duties to one or more of its agents or employees. A commissioner, or any employee of the authority who handles its funds, shall be required to furnish an adequate bond. The commissioners shall serve without compensation, but shall be entitled to

Senate Bill No. 1500

reimbursement for their actual and necessary expenses incurred in the performance of their official duties.

(b) Any tenant organization composed of tenants residing within units owned or managed by the appointing authority may indicate to such authority its desire to be notified or any pending appointment of any such commissioner. A reasonable time before appointing any such commissioner, the appointing authority shall notify any such tenant organization and, in making such appointment, such authority shall consider tenants suggested by such tenant organizations.

(c) Notwithstanding any provision of subsection (a) of this section or any other provision of the general statutes to the contrary, a commissioner of an authority may serve as a justice of the peace or a registrar of voters.

(f) The division of autism spectrum services, within available appropriations, shall: (1) Design and implement a training initiative that shall include training to develop a workforce; (2) develop an autism-specific curriculum in coordination with the Department of Higher Education; and (3) to the extent federal reimbursement permits, develop an education and training initiative eligible for the receipt of funding pursuant to the federal Combating Autism Act, P.L. 109-416.

Retardation, may seek approval of an amendment to the state Medicaid plan or a waiver from federal law, whichever is sufficient and most expeditious, to establish and implement a Medicaid-financed home and community-based program to provide community-based services and, if necessary, housing assistance, to adults with autism spectrum disorders who are not mentally retarded.

(b) On or before January 1, 2008, and annually thereafter, the Commissioner of Social Services, in consultation with the Commissioner of Mental Retardation, and in accordance with the provisions of section 11-4a of the general statutes, shall submit a report to the joint standing committee of the General Assembly having cognizance of matters relating to public health, on the status of any amendment to the state Medicaid plan or waiver from federal law as described in subsection (a) of this section and on the establishment and implementation of the program authorized pursuant to subsection (a) of this section.

Sec. 116. Subsection (i) of section 16-50p of the general statutes is

Senate Bill No. 1500

repealed and the following is substituted in lieu thereof (*Effective July 1, 2007*):

(i) For a facility described in subdivision (1) of subsection (a) of section 16-50i, with a capacity of three hundred forty-five kilovolts or greater, there shall be a presumption that a proposal to place the overhead portions, if any, of such facility adjacent to residential areas, private or public schools, licensed child day care facilities, licensed youth camps or public playgrounds is inconsistent with the purposes of this chapter. An applicant may rebut this presumption by demonstrating to the council that it will be technologically infeasible to bury the facility. In determining such infeasibility, the council shall consider the effect of burying the facility on the reliability of the electric transmission system of the state and whether the cost of any contemplated technology or design configuration may result in an unreasonable economic burden on the ratepayers of the state.

Sec. 117. Subsection (g) of section 16a-7c of the general statutes, as amended by public act 07-242, is repealed and the following is substituted in lieu thereof (*Effective July 1, 2007*):

(g) When evaluating submissions pursuant to subsection (f) of this section for a generation facility described in subdivision (3) of subsection (a) of section 16-50i that are in excess of sixty-five megawatts, the board shall perform a net energy analysis for each proposal. Such analysis shall include calculations of all embodied energy requirements used in the materials for initial construction of the facility over its projected useful lifetime. The analysis shall be expressed in a dimensionless unit as an energy profit ratio of energy generated by the facility to the calculated net energy expended in plant construction, maintenance and total fuel cycle energy requirements over the projected useful lifetime of the facility. The boundary for both the net energy calculations of the fuel cycle and materials for the facility construction and maintenance shall both be at the point of

Senate Bill No. 1500

primary material extraction and include the energy consumed through the entire supply chain to final, but not be limited to, such subsequent steps as transportation, refinement and energy for delivery to the end consumer. The results of said net energy analysis shall be included in the results forwarded to the Connecticut Siting Council pursuant to subsection (f) of this section. For purposes of this subsection, "facility net energy" means the heat energy delivered by the facility contained in a fuel minus the life cycle energy used to produce the facility. "Fuel net energy" means the heat energy contained in a fuel minus the energy used to extract the fuel from the environment, refine it to a socially useful state and deliver it to consumers, and "embodied energy" means the total energy used to build and maintain a process, expressed in calorie equivalents of one type of energy.

Sec. 118. Subsection (b) of section 17b-192 of the general statutes, as amended by section 2 of public act 07-185 and section 14 of public act 07-2 of the June special session, is repealed and the following is substituted in lieu thereof (*Effective July 1, 2007*):

(b) Each person eligible for state-administered general assistance shall be entitled to receive medical care through a federally qualified health center or other primary care provider as determined by the commissioner. The Commissioner of Social Services shall determine appropriate service areas and shall, in the commissioner's discretion, contract with community health centers, other similar clinics, and other primary care providers, if necessary, to assure access to primary care services for recipients who live farther than a reasonable distance from a federally qualified health center. The commissioner shall assign and enroll eligible persons in federally qualified health centers and with any other providers contracted for the program because of access needs. Each person eligible for state-administered general assistance shall be entitled to receive hospital services. Medical services under the program shall be limited to the services provided by a federally

Senate Bill No. 1500

Ancillary services include, but are not limited to, radiology, laboratory, and other diagnostic services not available from a recipient's assigned primary-care provider, and durable medical equipment. Specialty services are services provided by a physician with a specialty that are not included in ancillary services. Ancillary or specialty services provided under the program shall not exceed such services provided under the state-administered general assistance program on July 1, 2003, except for nonemergency medical transportation and vision care services which may be provided [for] on a limited [duration] basis within available appropriations. Notwithstanding any provision of this subsection, the commissioner may, when determined cost effective, provide or require a contractor to provide home health services or skilled nursing facility coverage for state-administered general assistance recipients being discharged from a chronic disease hospital.

Sec. 119. Section 24 of public act 07-2 of the June special session is repealed and the following is substituted in lieu thereof (*Effective July 1, 2007*):
