LEGISLATIVE COUNSEL'S DIGEST

AB 549, Jones-Sawyer. Comprehensive school safety plans: mental health professionals and police role on campus guidelines.

Existing law provides that school districts and county offices of education are responsible for the overall development of a comprehensive school safety plan for its schools operating kindergarten or any of grades 1 to 12, inclusive. Existing law requires the schoolsite council of a school to write and develop the comprehensive school safety plan relevant to the needs and resources of the particular school, except as specified with regard to a small school district. Existing law requires the comprehensive school safety plan to include specified strategies and programs that will provide or maintain a high level of school safety. Existing law encourages, as comprehensive school safety plans are reviewed and updated, all plans to include policies and procedures aimed at the prevention of bullying.

This bill would also encourage that comprehensive school safety plans, as they are reviewed and updated, include clear guidelines, for the roles and responsibilities of certain parties with school-related health and safety responsibilities and would authorize the inclusion in these plans of primary strategies for specified purposes.
